(Deemed to be University Estd. u/s 3 of UGC Act. 1956)

DST NIDHI
START-TO-SCALE STARTUP SUPPORT

Vel Tech Technology Business Incubator **NIDHI CENTRE OF EXCELLENCE**

(CATALYZED AND SUPPORTED BY NSTEDB DIVISION, DST NEW DELHI)

Vel Tech invites Industries/Entrepreneurs/MSMEs to utilize the state-of-art facilities for their Specific operations / Prototype making / Batch / Bulk Production at very competitive rates.

FACILITIES @ Vel Tech TBI

Workshop is well equipped as per industry standard, with a wide range of High fabrication facilities and CNC Precision machining facilities.

Heavy fabrication Machine:

- Plastic Injection Moulding
- NC Pipe Bending
- NC Plate Rolling
- NC Shearing
- CNC Plasma/Oxyfuel profile cutting machine

CNC Precision Machining Facility

- CNC Horizontal Machining Center
- CNC Vertical Machining Center MCV 350
- CNC Vertical Machining Center MCV 400
- CNC High speed Moving Column VMC
- CNC 5 Axis Vertical Machining Center
- CNC Wire cut EDM
- CNC 3D Coordinate Measuring Machine
- Video Profile Projector

Welding Facilities Such as:

- GTAW/GMAW Welding
- 4 Axis welding robot
- HDPE pipe/Butt fusion Welding

Conventional Machines Such as:

- Conventional Lathe
- Radial Drilling
- Heavy Duty double column Band Saw

Skill Development courses:

Veltech TBI Manufacturing CoE also provides Skill Development Courses to students & working staffs not only from Veltech but also to the outsiders, in this each participant will be given fully hands on training on different machining parameters, operations, programming and in different operating softwares with the ASDC certified trainers at Vel Tech.

Manufacturing CoE Vel Tech TBI has Partnered with MSME Industries for Various production works like Spring Brackets, LH/RH Brackets, Stabilizer Brackets, Flanges, ROC Covers, Different types of shafts, 8 Pin sleeve & 10 Pin sleeve, and Adaptors from leading manufacturing companies such as Danblock Brakes, TVS Sundaram Fasteners, Lakshmi Industries, Nelcast Pvt Ltd
